DATA THREAT REPORT

Country Data Sheet - Kingdom of Saudi Arabia

Introduction

For five consecutive years, the **Thales Data Threat Report** has analyzed worldwide trends in data security, cloud adoption, compliance and security strategies. The 2025 report continues to examine internal vulnerabilities, external threats and their impacts on enterprise assets. The Data Threat Report also evaluates new and evolving technologies affecting risk management and data security. The report revisits core data security principles in light of evolving technology, industry, regulatory and risk landscapes, with additional focus this year on application security. As always, the Data Threat Report encourages and equips security leaders to build stronger alliances spanning their own organizations and partner ecosystems to achieve broader enterprise goals.
